

**SME Chapter 21 Invites ISM-C to  
ZF Steering Systems LLC for our  
monthly meeting Tues. Feb. 28th**

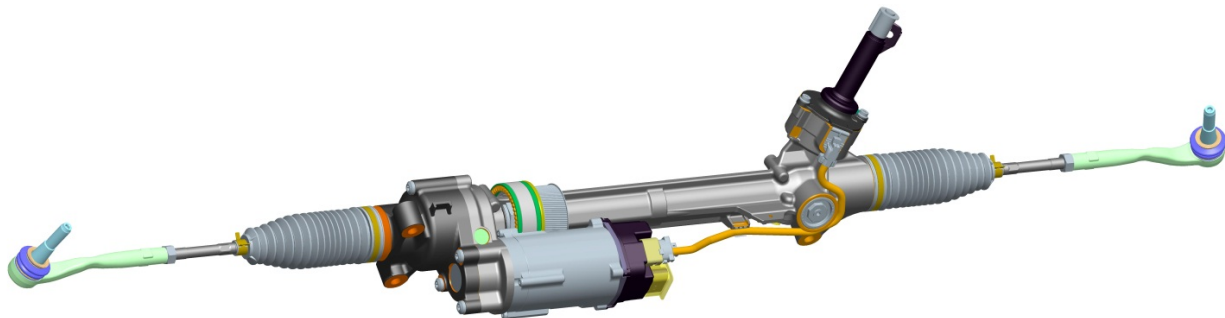

**ZF is a leading worldwide automotive supplier for Driveline and Chassis Technology with 117 production companies in 26 countries. The ZF Group employs a workforce of about 70,000 employees, with approx. 30,000 employees working abroad. ZF generated a revenue of 12.9 billion Euros in 2010 and is one of the ten major automotive suppliers worldwide.**

The company was founded in 1915 for the development and production of transmissions for airships and vehicles. Today, the group's product range comprises transmissions and steering systems as well as chassis components and complete axle systems and modules.

Join ZF Steering Systems and SME Chapter 21 from 6:00PM-8:00PM on Tuesday, February 28<sup>th</sup> 2012 to learn more about ZF Steering Systems solutions. Evening to include dinner and plant tours of ZF production facility in Florence, KY.

Note, an SME Student Chapter tour is planned as well, details coming soon.
